ORDER

After making an independent review of the pleadings, files, and records in this case, and the September 17, 2007 findings, conclusions, and recommendation of the magistrate judge, the court concludes that the conclusions are correct. It is therefore ordered that the conclusions and recommendation of the magistrate judge are adopted, and defendants' motions to dismiss for lack of jurisdiction are granted. Accordingly, by judgment filed today, this action is dismissed without prejudice for lack of jurisdiction as to the defendants who filed the motions to dismiss and is dismissed without prejudice as to the defendants who were never served with summonses.

SO ORDERED.

November 2, 2007.
